POSTAL BID AUCTION!

Many years ago we held a few postal bid sales which were very popular. With constant increases in running and advertising costs, we have decided to again offer some material via postal bid auction. The concept for our sale is "interesting, inexpensive material". We will be offering items too inexpensive to advertise in our usual way, but which are sure to attract interest from many of you! There will also be the occasional spectacular lot as the sneak preview below shows, so I urge all you to get your hands on a copy of the catalogue now. All our mailing list customers will automatically receive a catalogue, so call, write or email us to be put on the list today!
