27. **FRANCE** 1849-2008, in an illustrated Scott Album and Binder. The collection is a mixture of mint and fine used and does contain some very fine examples. I noted—SG 4 15c £1200, SG 18 1f Carmine-brown £1200, SG 131 5f Lilac-grey fine used, has a minor bend cat is £1300, in fact there are 24 Ceres heads and 23 Napoleon heads a mixture of mint and fine used. The collector has typed Scott pages and added the stamps collected after 1954 and supplied mounts where the stamps are included mint. This is a beautiful collection to add to, the quality of the stamps is excellent for the period and album is in first class condition and does not need replacing. If you have a reasonable collection of France and wish to buy a lot of very early rare stamps with a Catalogue value of more than £8,500++ (Aust. \$13,000+++) and simply take out what you need and on sell the balance to help fund the purchase. I would estimate that the collection is approximately 75% complete for the period in this album. A real bargain for a reseller as well.....**\$1,399.00**
