COLLECTIONS

19. AIRCRAFT COVERS A most interesting collection worldwide in two folders and a pile of loose covers. There are more than 200 mostly different covers and a large number of them are signed. From what I can see the collection started in 1965—few recent to 2015. All beautifully presented with details of which Commander flew etc. on specially printed envelopes with special enamel covers and superb thematic flight postmarks. Many of the notes state "30 or 50 covers only signed by" etc. with caches, rocket flights, lots of old reproduced photographs and/or postcards etc which are from the covers. 1920's etc. This fine collection would suits and Aircraft enthusiast as clearly the owner was, all available as a lot just.....**\$149.00**

I noted that all the better issues appear present, includes Ascension, Brunei, Hong Kong, Pitcairn. In fact the only better set missing is Singapore. Loads of extras including Iraq, single sets from Sweden, Switzerland, Norway, France, Iceland. If you bought these sets directly from the UK based on the condition ie 2 x Mint and 2 x Muh etc. it would cost you more than £750+ (\$1,250+ Aust) and that is nothing extra for the lovely Imprints. So what a lovely buy with such lovely fresh imprints for.....**\$429.00**
