Now "my list price" (and as you are already aware much less than most) - for the better stamps based on the condition included in the collection would be more than \$3,200++ so a really great deal for a serious collector or reseller for a collection of 95% perfect stamps..... **\$1,499.00**

28. DECIMALS IN 20 HUGE VOLUMES—COMPLETE WITH "BELLS AND WHISTLES!" 1966-2017+2018 (see note below) in mostly brown Seven Seas illustrated albums and all with matching slip cases. All albums have all of the optional extras pages they as published all complete with Mint Unhinged stamps. The very last volume (20) for 2018 has all of the stamps on hagner pages ready for the the 2018 pages due out shortly. I have never owned such a comprehensive collection for decimals! Basically it is 99.9% complete and has a face value for just over \$15,000+. All booklets, all gutters, overprinted miniature sheets, Specimens, booklet panes, reprints, peel and stick and the list goes on. Just for clarity I have noted a few nice items -All mint unhinged -1966 Decimal Navigators Specimen set (4), \$1 Navigator scarce perforation, 1966 4c QE11 decimal booklet panes complete slogans (6), plus all the early complete booklet panes, 1971 Xmas pane 7 and 25. From stock I could never supply all of these items in these albums let alone buy them from other dealers lists, they would cost a fortune. The albums alone with all the optional pages would cost new more than \$4,000+ plus all the extra binders and slipcases to house the pages as the standard album set comes with just 5 binders and slipcases. I have seen prices for the optional stamps for the pages for hundreds and hundreds of dollars for each year! There are a few spots on the odd page but all stamps are in excellent condition. If you are a collector or reseller this is an ideal lot to keep what you need and sell the balance as you are only paying postage rates for this collection. \$15,000+ in face value and \$4,000+ in albums, what a deal..... **\$9,699.00**
